

# A Spot For Everyone

## LOTS OF PARKING

**B**ronte has hundreds of free and paid parking spots waiting for you. Take a minute before you leave home or once you arrive to find the best spot to park your car (or bike!) to start your visit off right.

### **ON-STREET PAID PARKING (FREE AFTER 6 PM, SUNDAYS AND HOLIDAYS)**

Bronte has curbside paid parking throughout the district. These parking spaces help promote turnover and ensure there are spaces for customers of nearby businesses. Look for the pay-by-plate machines. Use the HONK mobile app to make it even easier.

### **FREE MUNICIPAL PARKING LOT**

Bronte has a large municipal lot off Ontario Street with plenty of free spots. There's no time limit, however, no overnight parking. It's located steps from the beautiful waterfront but also just three blocks from local stores, cafes, and restaurants. Park here and take the scenic route into the commercial district!

### **COURTESY CURBSIDE QUICK STOPS**

These are free spots to pull in to do a quick curbside pick-up or take-out from your favourite local restaurant or business. Please don't park here if you plan to stay longer.

### **RESTRICTED RESIDENTIAL PARKING**

To ensure local residents have parking, look for signs restricting parking on side streets near the waterfront. Towing and fines in effect. There's plenty of parking for visitors at Bronte Heritage Waterfront Park.

### **PRIVATE PARKING LOTS**

Many businesses have free parking in their commercial lots. These are privately owned and for customers only of the adjacent stores, restaurants, and businesses while on the premises. Look for signage and check with the business you're visiting to ensure you've parked in the right spot. While these lots might be empty, don't be tempted. The cost of towing isn't worth it!
