

Skills Matrix

To ensure the Bronte BIA Board is representative of its diverse membership and to ensure it has the right range of skills to best serve its membership, we use a Skills or Competency Matrix.

Our goal is to attract the right mix of Board members so the Board of Management/Directors can provide the most relevant and comprehensive support to the Executive Director, while providing the highest level of strategic leadership possible. The BIA Board is focused on strategic issues vs operations.

Member Type	Retailer	Restaurant / Food Service	Landlord / Property Owner	Professional Services	Health / Wellness
